

# A Radiologist's Horrible Nightmare: A Shocking Case Study

Robbery at Gunpoint:  
The Unthinkable Experience  
of a Radiologist

# In a shocking incident, a radiologist became the target of a harrowing robbery in his own home

---

- Three armed miscreants broke into his house
- The radiologist was assaulted and threatened at gunpoint

## The thieves made away with:

- 500 grams of gold
- ₹20 lakh in cash
- Six valuable wristwatches

The victim reported the case to local authorities.

A case was registered under the Indian Penal Code (IPC).

Investigations are underway, but the emotional and financial toll remains immeasurable.

# This distressing incident raises concerns about:

---

- The safety of medical professionals.
- The urgent need for stronger security measures at home and work.

# Doctors dedicate their lives to saving others but often neglect their own safety

---

- Stay vigilant.
- Consider Customized Professional Indemnity Policies and personal security solutions.
